WELCOME

Welcome to another wonderful spring in Gloucester, VA. “It’s all sunshine and daffodils” here as always. This is our 87th year to present the Gloucester Daffodil Show and our long awaited community festival. We are so excited to have you here with us.

Thank you for coming to enter your beautiful blooms, amazing arrangements and fabulous photographs! Your participation is coveted and we are so grateful. If you are here to observe, there will be plenty of “eye candy” for the returning daffodil lover and new enthusiast alike. Make sure to visit our new photo spot in the showroom to create a lasting memory daffodil moment!

Our show could never be a success without our many wonderful volunteers who work to help put all of this together. And it’s all for you, for those of you who come to see the sunshine & daffodils, after the work is done. We are thrilled to have you here.

Carla Stanley, 2025 Show Chair

GENERAL RULES

- Exhibitors must register and receive an exhibitor number before entering the show.
- No entries will be accepted after 10:00 a.m. Saturday. **Exhibitors must be off the floor at that time.**
- We encourage exhibitors needing help to bring their entries on Friday before 6:00 p.m. Assistance with entry cards for all classes will be available. For help identifying your daffodil bloom, please consult www.daffseek.org.
- Each entry must have an American Daffodil Society (ADS) entry card with the top section completed with name, address and exhibitor number.** The cards will be provided and must be completed, folded, closed and attached to the exhibit. Any information on an entry tag, including the exhibitor number, which could compromise the anonymity of the exhibitor, must be concealed during the judging.
- Gloucester County Department of Parks, Recreation and Tourism will not be responsible for any lost or damaged property.
- All entries must remain in place until the show closes at 5:00 p.m. on Sunday, April 6. Entries, awards and ribbons may be picked up between 5:00 and 5:15 p.m. Any unclaimed ribbons will be mailed.

RULES FOR HORTICULTURAL EXHIBITS

ENTRIES

1. All classes are open to anyone who grows daffodils except where specified otherwise.
2. An exhibitor may make as many entries as desired in any class provided each entry is a different cultivar or species or an entirely different collection of cultivars and/or species.
3. All blooms in the Horticultural Division must have been grown in the open by the exhibitor. Miniatures, and daffodils grown and shown in their containers, may be grown in protected areas.
4. Wedging material and containers for cut flower exhibits will be furnished by the show committee. Except for daffodils grown and shown in their containers, no daffodil foliage is permitted.
5. All collections of five or more stems must be exhibited with each cultivar or species in a separate container, unless otherwise specified.
6. You are encouraged to pre-register for horticulture by using the registration link <https://forms.gle/b4owpv4KkcAWKrJB7>. For questions or more information contact daffodilshowofgloucester23@gmail.com.

LABELING

7. Each cultivar or species must be correctly labeled with its name (or number) and division. Color codes are encouraged. The originator's name must appear on the label in American bred classes except seedlings shown by the originator. The originator is the person who first flowered the bulb regardless of who made the cross and/or planted the seed.
8. Exhibits that are not named or are incorrectly named will not be judged. Correct classification and labeling shall be the responsibility of the exhibitor.
9. No label may be changed, specimen added, removed, altered, or substituted after judging has begun or after an award has been placed.

INTERMEDIATES, MINIATURES, AND SEEDLINGS

10. An intermediate daffodil is a standard daffodil cultivar in divisions 1, 2, 3, 4, or 11 having a single floret whose diameter is typically greater than 50 mm through 80 mm. Intermediate cultivars may be entered in classes for standard daffodils as well as classes reserved for intermediate daffodils.
11. Miniature daffodils may be shown only in classes for miniatures. A miniature daffodil is any cultivar in natural spread where a flower is less than 50mm(1.97"). Any named, numbered, or species daffodil which appears graceful, with all parts proportionally small, may be exhibited in the Miniature Classes, and is eligible for all ADS Miniature awards, except that only numbered seedlings shown by the originator shall be eligible for the ADS Miniature Rose Ribbon. A guideline when judging miniatures is that a single floreted cultivar normally possesses a flower less than 50 mm (1.97") in natural spread. For a multi-floreted miniature daffodil, the guideline measurement for the floral mass is 72 mm (2.83") in natural spread. The Judges may decline to judge any exhibit exceeding these measurements at the time of judging or penalize as they find appropriate.

RULES FOR HORTICULTURAL EXHIBITS (cont'd)

12. Blooms of seedlings may be exhibited in all classes for named cultivars. ALL SEEDLINGS MUST BE IDENTIFIED BY A NUMBER DESIGNATION ASSIGNED BY THE ORIGINATOR. If the exhibitor is not the originator, the name of the originator must be included as part of the identification.

AWARDS

13. Each stem in an exhibit of cut flowers receiving an ADS Award must score 90 or more on the appropriate ADS Scale of Points.
14. Only one first, one second, and one third award may be given in each class. Honorable mention awards may also be given if merited but only if first, second, and third have been awarded. First, second, third, and honorable mention awards may be withheld by the judges if in their opinion the exhibit is not worthy. If a blue ribbon (first place) has been awarded in a class eligible for an ADS ribbon, the ADS Award may not be withheld.
15. The decision of the judges is final. If an error is discovered in an exhibit after completion of judging, any award placed thereon (ADS, Special, or Ribbon) shall be forfeited by the exhibitor. If an error is discovered before the judging is completed, the class must be rejudged.
16. All seedlings, properly entered and labeled are eligible for the standard and miniature, local (Prius) and ADS (Rose) awards.

MISCELLANEOUS

16. The Show Committee reserves the right to subdivide classes by cultivar or color code when there are three or more worthy exhibits of the same cultivar or color code and if a sufficient number of worthy exhibits is left in the class. Species may be subdivided by their botanical sections.
17. The Royal Horticultural Society System of Classification will be used. The labeling authority is *Daffodils to Show and Grow* as amended each year in the December ADS *Daffodil Journal* supplemented by the current information in the American Daffodil Society's online database DaffSeek.org.
18. In the class descriptions, the words "pink cup," etc. define classes where that color is solid, 2W-P, or present in two adjacent zones, 2W-GPP. The words "pink in cup," etc. are used for classes that include both solid and rimmed cups of the same color. "Colored" is any color but white. A Reverse Bicolor has a predominantly yellow perianth and a predominantly white cup where "predominantly" means at least two adjacent zones must be coded the designated color.

ROYAL HORTICULTURAL SOCIETY SYSTEM OF CLASSIFICATION

DIVISION 1 - TRUMPET One flower to a stem; corona as long as or longer than the perianth segments.

DIVISION 2 - LARGE-CUPPED One flower to a stem; corona more than one-third, but less than equal to the length of the perianth segments.

DIVISION 3 - SMALL-CUPPED One flower to a stem; corona not more than one-third the length of the perianth segments.

DIVISION 4 - DOUBLE One or more flowers to a stem, with doubling of the perianth segments or the corona or both.

DIVISION 5 - TRIANDRUS Characteristics of *N. triandrus* clearly evident; usually two or more pendent flowers to a stem; perianth segments reflexed.

DIVISION 6 - CYCLAMINEUS Characteristics of *N. cyclamineus* clearly evident: one flower to a stem; perianth segments significantly reflexed; flower at an acute angle to the stem, with a very short pedicel.

DIVISION 7 - JONQUILLA AND APODANTHUS Characteristics of Sections Jonquilla or Apodanthi clearly evident: one to five (rarely eight) fragrant flowers to a stem; perianth segments spreading or reflexed; corona cup-shaped, funnel-shaped, or flared, usually wider than long.

DIVISION 8 - TAZETTA Characteristics of Section Tazettae clearly evident: usually three to twenty flowers to a stout stem; perianth segments spreading, not reflexed; flowers usually fragrant.

DIVISION 9 - POETICUS Characteristics of *N. poeticus* and related species clearly evident; perianth segments pure white; corona very short or disc-shaped, not more than one-fifth the length of the perianth segments; corona usually with a green and/or yellow center and red rim; flowers fragrant.

DIVISION 10 - BULBOCODIUM Characteristics of Section Bulbocodium clearly evident: usually one flower to a stem; perianth segments insignificant compared with the dominant corona; anthers dorsifixed (i.e., attached more or less centrally to the filament); filament and style usually curved.

DIVISION 11 - SPLIT-CORONA Usually one flower to a stem, corona split (not Lobed) for more than half its length.

DIVISION 12 - OTHER DAFFODIL CULTIVARS Daffodil cultivars which do not fit the definition of any other division.

DIVISION 13 - SPECIES, WILD VARIANTS AND WILD HYBRIDS Any species, one bloom per stem. Any species more than one or more blooms to a stem.

PHOTOGRAPHY DIVISION

The American Daffodil Society Photography Division celebrates the daffodil. Photographers are encouraged to compose their entries according to accepted principles of two-dimensional design. Judging will be conducted by a panel of photography and ADS judges. Photos will be judged by the panel on originality, composition, technical excellence, overall impact, and artistic merit using the 4Cs: Creativity, Craft, Composition and Content. The judges decisions are final.

RULES FOR PHOTOGRAPHY

1. Please read General Rules for exhibitors (page 2). **To pre-register, use the registration link <https://forms.gle/SrXU18iSeBZ5cgRk9>**. For questions or more information contact daffodilshowofgloucester23@gmail.com.
2. All amateurs, professionals and youth are eligible to enter all classes, except only youth 18 years and under may enter the Class P8. **Exhibitors may enter no more than two (2) in each class.** Photographs may not have won a blue ribbon in a previous ADS sanctioned show.
3. All entries must be the work of the exhibitor and must contain images of one or more daffodils as required by the class. Entrants are required to provide digital image IF REQUESTED.
4. Minimum print size is 5 x 5 inches, and maximum perimeter is 52 inches. Non-standard sizes are acceptable as long as the overall perimeter does not exceed 52 inches.
5. An entry card must be attached to each exhibit. On the face of the card, record the class and the title (if any) of the photo. The face of the entry card (below the fold) should have the name of the photographer.
6. Only one FIRST, one SECOND and one THIRD award will be given in each class. HONORABLE MENTION may be given, but only if the higher awards are given.
7. If warranted by the quality or quantity of entries, classes may be further subdivided. First, Second, Third, and Honorable Mention awards will be given as merited in each subdivision. The ADS **Wells Knierim Ribbon** for Best Photograph in Show will be awarded.
8. Youth, 18 years and under, are encouraged to enter photographs in any of the classes. Class P8 is restricted to only Youth exhibitors. Class P8 may be subdivided by the show committee if deemed appropriate. The ADS **Youth Photography Ribbon** will be awarded to the best photograph within Class P8

ARTISTIC DIVISION

RULES FOR ARTISTIC DESIGN

1. Please read General Rules for exhibitors (page 2).
2. The Schedule is known as “The Law of the Show.”
3. One person must execute each entry. An exhibitor may enter as many classes as desired but is restricted to one entry per class.
4. Designs will be judged according to the GCV Flower Shows Handbook found at www.gcvirginia.org under flower shows.
5. Daffodils must predominate in all designs.
6. Plants on the endangered species list may be used only if grown in exhibitor’s garden and noted on plant material card.
7. The use of commercially grown flowers is discouraged. Seasonal flowers are preferred.
8. Designs must include some fresh plant material. All exhibitors must ensure the freshness of their arrangements for the duration of the show.
9. Artificial flowers, foliage, fruit and living creatures are not permitted.
10. Treating fresh plant material by application of substances such as paints, dyes, etc. is not permitted. Plants may be clipped, stripped, bent, or otherwise manipulated.
11. The following are permitted:
 - A. Accessories
 - B. Base
 - C. Contrived flowers and/or forms made of fresh, dried or treated plant material
 - D. Cut fruit or vegetables sealed in some manner to discourage insects
 - E. Objects that add interest when tastefully used, e.g.: nests, feathers, coral, sponges, starfish, antlers, etc.
 - F. Drapery
 - G. Cards of intent (3x5 inches).

ARTISTIC DESIGN PROCEDURES

1. All artistic entries must be pre-registered with the show's Artistic Chairman, Kate Zullo (zphyr94@aol.com) or 757-206-6909 by March 28, 2025. **Each class is limited to five entries and the arranger must pre-register with the Artistic Chairman.**
2. Check in at the registration desk upon arrival at the show.
3. Exhibitor entry cards will be filled out completely, both top and bottom portions, by the Artistic Chairman. The completed card will be given out to the registrant when they come to the desk.
4. The exhibitor must check the name and address on both portions.
5. Upon completion of design, complete a 3"x 5" card listing floral material, noting "G" for garden grown or "F" for florist.
6. Notify a member of the Passing Committee when an exhibit is ready to be passed. The Passing Committee may disqualify arrangements that do not meet the Schedule requirements in consultation with the Artistic Chairman or the Show Chairman.
7. The Passer will check exhibitor entry card for accuracy and completion.
8. The Passer will determine that the arrangement complies with the Schedule and that the above-mentioned cards are in place before passing.
9. The exhibitor will remain in the exhibit area until the exhibit is passed.
10. Except for watering and/or necessary maintenance, the exhibitor may not touch the exhibit after it is passed.
11. Exhibitors are urged to show caution when placing their arrangements. As a courtesy to other exhibitors, they must stay a safe distance from neighboring arrangements.

It's All Sunshine and Daffodils!

Weather or Not.....

ART-1 Early Colonial (Novice) – April Showers bring May Flowers

The recent gentle rain enhanced the colorful beauty of the flowers contained in this casual arrangement.

This class is only open to novices (an arranger who has never won a blue ribbon in the Daffodil Show.)

Displayed on a 40-inch tall table against a black background.
Arrangement space is 30 inches wide, 18 inches deep and 36 inches tall.

ART-2 Reflective Design – Late Fallen Snow

A late winter snow surprised the daffodils as the flakes fell gently upon them. A creative design that reflects light back to the viewer. Reflective components must appear throughout the design.

Displayed on a 40-inch tall table against a black background.
Arrangement space is 30 inches wide, 18 inches deep and 36 inches tall.

ART-3 Miniature – Dreary Dainty Daffodils

On a dreary day, a gardner attempts to protect his miniature daffodils from the wind and fog.

A miniature arrangement must be 5 inches or less in all directions. Displayed in a white shadow box 8 inches tall, 6 inches wide and 6 inches deep.

ART-4 Moribana – In the Asian Manner

The natural beauty of the plant material is enhanced by the freshness of the rain water.

Displayed on a 40-inch tall table against a black background.
Arrangement space is 30 inches wide, 18 inches deep and 36 inches tall.

ART-5 Creative Mass – Aunt Bessie's Hat

On a bright Sunday morning, Aunt Bessie dons her new spring hat for church.

Make a creative mass depicting the design of her hat. A creative design characterized by massed bold forms grouped in type to give a structural appearance emphasizing contrast in form and texture.

Displayed on a 40-inch tall table against a black background.
Arrangement space is 30 inches wide, 18 inches deep and 36 inches tall.

MAIN STREET AWARDS

Main Street residents and businesses are invited to showcase daffodils by planting their yard or place of business with the famous harbingers of spring. Each class is recognized with a residence and business award.
